THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Famine in Japan.

The New York State branch of the American National Red Cross yesterday issued a statement as to famine conditions in Janpan.

"The famine in Japan," the statement says, "which has been considered for sometime moderately serious, is now known, as the result of reliable private advices received by the New York State Red Cross, to be one of the most terrible starvation emergencies of modern times. The failure of the rice crop, which at one time was believed to be limited to certain classes only in the northern provinces, has been found to be general in those parts of Japan, and conservative estimates place the number of starving Japanese at from 800,000 to 1,000,000 persons. For these, owing to extended rains last summer, which have ruined the rice and other food crops, there is absolutely no relief in sight until next October, when a new harvest will be available. As if this were not bad enough, the present winter has been one of the most severe in Japan in many years. The sum of $16,000,000 will be required to save the Japanese country people. This is estimated by allowing for a cost of 10 cents per person per day."

A special meeting of the Japanese famine committee has been called for Monday. The committee is now considering whether it is wise to undertake the collection and transportation of food as well as money. Already two food experts from Japan have been asked to prepare a food list showing what American staples can be used.

Spriggs Convicted.

Bob Spriggs, the negro divekeeper, was convicted before Judge Cowing in General Sessions in New York yesterday of abduction. As he was indicted for a second offense he may yet 20 years in Sing Sing, and it is not unlikely that he will get the maximum punishment.

It took the jury 10 minutes to convict him. It was after he had gone on the witness-stand and denied everything that Hattie Warren had said of how he had beaten her and held her a prisoner in his house. When Spriggs' counsel was making his opening address for him the negro made a pretense at crying. But when the verdict was brought in he glared at the foreman of the jury. Immediately after Spriggs had been sent over to the Tombs, Sallie Bennett, a negress, was brought into court. She is indicted for abduction as a second offense. She kept a house four doors from the Tenderloin station. When she heard that Spriggs had been convicted she decided that it would be a good thing to plead guilty. She was allowed to plead to a first offense, and will probably get 10 years. She has been in Sing Sing four years. She is said to have a working business arrangement with Spriggs whereby white women were shifted from one house to another.

A. F. L. to Enter Politics.

The executive council of the American Federation of Labor spent some time yesterday discussing the replies of President Roosevelt and Speaker Cannon to the bill of grievances presented to them and to President pro tem. Frye, of the Senate, yesterday, regarding legislation affecting labor interests. Mr. Gompers said last night that the concluding paragraph in the memorial meant exactly what it said. That is, if Congress fails to remedy the grievances, the organization will appeal direct to the people. In other words, he said, the Federation of Labor will enter the field of politics and urge organized labor to elect men of their own choosing, and thus have a personal voice in the government. There will be further discussions of the situation by the members of the council, among whom the remarks of the President and Mr. Cannon have made a deep impression. Mr. Gompers insists the council is in the right regarding the statements set forth in the bill of grievances, that it has abundant proof of the representations made and that the condition of affairs in the labor world everywhere is the best proof of its contention.

Russian Jews Coming.

Unusually large numbers of Jewish and Russian emigrants to the United States and South America are expected to leave Germany after Easter, and an influential committee has been formed at Berlin with the object of directing the emigration to the best places. So far as the United States is concerned, the committee will publish advertisements throughout Russia advising emigrants to avoid New York and all the eastern states, and committees will be formed at Galveston, New Orleans, Baltimore and other southern seaports which, co-operating with committees in the interior, will direct emigrants to places where they can work at their trades. The committee has been informed that many Jews who are well-to-do are preparing to go to the United States.

Indigestion is much of a habit. Don't get the habit. Take a little Kodol Dyspepsia Cure after eating and you will quit belching, puffing, palpitating and frowning. Kodol digests what you eat and makes the stomach sweet. Sold by W. F. Creighton & Co., 401 King street.

Nervous Women

Their Sufferings Are Usually Due to Female Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women *are* nervous?

How often do we hear the expression, "I am so nervous, it seems as if I should fly;" or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in woman is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability; spirits easily affected, so that one minute she laughs, the next minute weeps; pain in the abdominal region and between the shoulders; loss of voice; nervous dyspepsia; a tendency to cry at the least provocation—all these point to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night.

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me.

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick, weak and discouraged, exhausted each day, when you can be as easily cured as other women.

Gov. Pattison Ill.

Although Gov. Pattison is reported considerably improved in the official bulletin issued at Columbus, Ohio, last night by attending physicians, the belief prevails that his condition is very grave. The physicians refuse absolutely to discuss the governor's condition, and nothing is obtainable from them outside the formal statements issued to the public. The members of Gov. Pattison's family are equally reticent. Gov. Pattison possesses wonderful vitality, and the doctors count much upon this. His vitality was shown by the manner in which he rallied yesterday after the sinking spell which he suffered Wednesday night. All that is known to the public up to this time regarding the nature of Gov. Pattison's illness is that he is suffering from nervous prostration. Reports to the effect that kidney trouble has complicated his illness are neither affirmed nor denied by the physicians.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health Tonic on earth. 50c. Guaranteed by E. S. Leadbeater & Sons druggists.

For an Impaired Appetite.

Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These Tablets also act as a gentle laxative. For sale by Gibson & Timberman and W. F. Creighton & Co.

DISSOLUTION SALE.

The unparalled stock sacrifice to be brought to an end with the most regardless week of selling ever known in this section!

It will be throwing away money to stay away.

YOU'LL NEVER HAVE ANOTHER SUCH CHANCE.

The past two weeks have been the biggest and busiest in the history of the Bendheim Store, as they well deserved to be, for such bargains as have been distributed to the Alexandria people have never had a parallel, and will probably never be equaled again.

And now comes the final week of this colossal sacrifice and our plans call for the busiest six days in the history of retailing in this city.

Prices at the Almost Nothing Level

Alexandria Gazette AND VIRGINIA ADVERTISER

SIC SEMPER TYRANNIS

FRIDAY EVENING, MAR. 23, 1906.

THE American Federation of Labor has publicly announced that it will submit its issues to the people should it fail to meet a satisfactory response to its appeals from the powers that be. That they have an undoubted right to follow such a course will be controverted by no one. Labor has its rights under our American institutions which should be respected. It is hoped, however, that the laboring element will consider closely the events which are likely to follow such a procedure. Left to themselves, the country would probably have but little to apprehend, as the bulk of men who toil and spin for their daily bread are for the most part law-abiding people, having wives and little ones, in whom they take an honest pride depending upon them for sustentation. Many own their own homes, and are disposed to follow the even tenor of their way without envying the opulent or those more favored in other ways. It is not, therefore, the rank and file of laboring men who are jealous of those whose paths they imagine are strewn with more flowers than their own, but the danger is to be apprehended from thoughtless leaders and those who are watching every opportunity to mount labor as a hobby. This class is composed mostly of men who are not mechanics or workmen of any sort, who go from place to place and endeavor to make those who are honestly fulfilling their calling discontented. The socialistic party has made rapid strides in this country during the past few years, and its leaders will naturally be the first to open the door and invite the laboring element into its fold. Once within the graduation is rapid. Socialism is but the primary department, and before long doctrines more repulsive will doubtless be inculcated until all the isms of continental Europe may head up in the American republic. This will be natural, as it will be impossible to keep out nihilists, anarchists, red republicans and others who inveigh against all forms of government. It is hoped, therefore, that the federation will keep aloof from dangerous combinations, and should they make their appeal at the polls repudiate all elements seeking fusion which would bring distavor upon the working man.

REV. WILLIAM HAYES WARD, D. D., LL. D., of New York, the editor of the Independent and a student of archeology, lectured before the members of the Woman's Literary Club of Baltimore and their guests Thursday evening upon "The Garden of Eden." Dr. Ward spoke of the probable location of the Garden of Eden. He gave the biblical authority that it was near four rivers, the Tigris and the Euphrates, and two others which have never been settled upon, thus making it sure that it was situated in Babylonia where civilization first began. Dr. Ward described the difficult process of learning to read the oldest inscriptions that have been discovered, but said that now, after years of study of codes, it is as easy to read the language that Nebuchadnezzar used, as to read the ancient Greek or Latin. The location of the Garden of Eden has excited speculation for centuries. It has by some writers been located at the north pole, by others at the south pole, in the third heaven, in the moon and in every nation on the globe. Dr. Ward has concluded that it was located in the region described by the Bible.

AT A revival in the Christian Church at Montgomery, W. Va., a few nights ago, Rev. John Hickman told his hearers that Christianity was a practical code of morals. Then he proceeded to tell them how, the night previous, someone had robbed a poor widow, Mrs. John Farrel, of $75, every cent she possessed. In a few minutes the amount stolen had been raised by the congregation and placed in the hands of a committee to be turned over to Mrs. Farrel. The above specimen of applied Christianity is doubtless better than hecatombs, or the thousand and one pyramids of wood, hay and stubble which in many ways characterize the faith of the present day. To visit the widow and fatherless in their affliction is an infalliable gauge, set forth centuries ago, and when it is practiced in an unostentatious manner it weighs more in the sight of God and man than strife, vain glorying and issues which often distract people who are admonished to be of one soul.

AS THE Panama railroad is the only line of transportation under the ownership of the United States, it has afforded President Roosevelt a brilliant opportunity to put in practice his views as to reasonable freight and passenger rate. But not only are the rates on the Panama railroad so excessive as to cause loud complaints of their enhancement of the cost of living on the isthmus, but they are so discriminative as to check fair competition. In fact, the management of this government railroad exhibits nearly all the abuses and iniquities of which complaint is made concerning the corporation methods of transportation in this country. The Philadelphia Record says in all its history the Interstate Commerce Commission has not had to deal with such flagrant acts of discrimination as are now practiced on the Panama railroad under its government ownership.

GOVERNOR WARFIELD, of Maryland, yesterday vetoed what was termed the Dawkins bill which provides that only registered voters of the State or the city of Baltimore should be employed as mechanics or laborers on public works in the city of Baltimore. Since so many issues have obtruded themselves in every phase of commercial, manufacturing and mechanical pursuits, nothing should excite our special wonder. But the strange part of the passage of the Dawkins bill is the fact that out of 28 members of the Maryland legislature from the city of Baltimore 26 voted for the bill. Democrats and republicans, reformers and regulars almost trampled over each other to vote for the bill, all seemingly playing peanut politics. The passage and enacting into law of such a bill would "be protection run mad."

Washington, March 23.

The report of the Keep commission on the agricultural work of the Census bureau will soon be submitted to President Roosevelt. This investigation was made at the suggestion of Secretary Wilson of the Department of Agriculture, who took exceptions to the commission adopting the figures of the Census bureau as its standard in criticising the work of the bureau of statistics of his department. It is understood that the Secretary will not be able to secure much comfort from the new report.

The federal commission appointed to investigate the wreck of the steamship Valencia, off Vancouver Island, will submit its report to the President within a few days. The two members of the commission from Washington, Assistant Secretary Murray, of the Department of Commerce and Labor, and Herbert Knox Smith, deputy commissioner of corporations, are now in the city at work on the report. It is understood that no blame will be attached to the officials of the steamboat inspection service on the north Pacific coast, where the wreck occurred.

The House committee on the judiciary today, by a vote, decided that insurance is not an object of interstate commerce, and that Congress has not power to legislate in connection with it. A report on the subject will be submitted to the House later.

The House committee on arts and expositions today authorized favorable report on a bill carrying the following appropriations for the Jamestown exposition: $250,000, direct appropriation; $400,000 for a government pier; $250,000 for a government building; $80,000 for officers rendezvous; $100,000 for rendezvous for enlisted men; $100,000 for transportation of soldiers; $100,000 to the negro development company, which will hold an exposition in connection with the event. The committee also considered an appropriation of $25,000 for a pier at Jamestown Island; $5,000 for enclosing the grounds, and $10,000 to continue excavations there in search of antiquities. Mr. Gaines offered an amendment appropriating $100,000 for private cars for the President. Mr. Littauer, of New York, in charge of the bill, raised a point of order against the amendment, and it was ruled out.

Alfonzo Zelaya, son of the President of Nicaragua, secured a marriage license today to wed Margarita Lee Baker, the young woman to whom he has been engaged and from whom his parents have made vain efforts to separate him. When young Zelaya called at the marriage license clerk's office he was accompanied by a friend, W. C. Gaynor, who acted as witness. Zelaya gave his age as 21, his home Managua, Nicaragua, and his bride's age as 18. Rev. I. O Baker, Zelaya said, would perform the ceremony either today or tomorrow.

The executive council of the American Federation of Labor has under consideration the advisability of calling the attention of the public to the advantages of giving to the people the initiative and referendum, at the same time that it is defending its bill of grievances presented to President Roosevelt and Speaker Cannon this week. William Shibley, of this city, appeared before the council this morning and argued in favor of taking advantage of the attention which has been attracted to the cause of labor through its bill of grievances to urge the adoption of the initiative and referendum The council, as with all other questions which came before it this morning, deferred action until all the matters to be presented are in.

Secretary Frank Morrison of the American Federation of Labor, today received the following letter from President Roosevelt;

March 22, 1906.

My dear Mr. Morrison: At our interview yesterday I requested you to bring to my attention any specific cases of violation of the eight-hour law, I would like you to call my attention as soon as possible to any of these complaints, and I shall at once forward them to Mr. Neill, of the Labor Bureau, and direct him to investegate them and report direct to me. Furthermore, I shall hereafter direct all departments having control of work as to which this law applies to notify the Department of Commerce and Labor when the work is begun, and I shall notify the Secretary of the Department of Commerce and Labor whenever such notification reaches him to notify the head of the Labor Bureau, whose business it will then be to take cognizance of any complain made as to violations of this law, to investigate the same and to report to me. As you know, I not only sympathize with you and the eight hour law, but I intend, as in the matter of course to see that that law is efficiently enforced. My belief is that you will find that with Commissioner Neill personally supervising the enforcement of the law all just complaints will be met.

Sincerely yours,

THEODORE ROOSEVELT.

Secretary Bonaparte wishes to correct a report which has gained widespread circulation as to his testimony before the House committee on naval affairs. Mr. Bonaparte was quoted as saying that there was a conspiracy among the midshipmen to maintain a lower standard of scholarship than might be maintained, star men being frowned upon for their studiousness. As a matter of fact, Mr. Bonaparte in answer to a question stated that there was no such conspiracy, but that as in other schools men standing high in their studies were more or less looked down upon, and the academic authorities were trying to prevent such spirit among the midshipmen.

The worm has turned in the matter of hotel accommodations in Manila. The insular government has taken notice of the turning and there is to be an up-to-date hotel built along the lines of modern American hostleries, to which the municipal government of Manila will lend its aid. The Insular Bureau is informed now that the city government has invited proposals to be opened September 15 for the purchase of a lease of a hotel site on the Luneta, the site in question being approximately 500 by 600 feet. The property has an assessed value of $224,000, and fronts a new boulevard on the east, the Luneta on the south, Manila Bay on the west and the new commercial center and port works on the north. According to the general plan of Manila the hotel site is centrally located, being conveniently near the government offices and the future business section of the town. The Luneta is the popular drive and promenade of the city. The army and the constabularly bands play there. Proposals for the lease must contemplate the construction of a hotel of 150 or 200 rooms, for which it is believed there would be a steady patronage. The hotel must be constructed in conformity to the new plans for the beautification of the city.

Representative Vreeland, of New York, chairman of the subcommittee on the House on naval affairs, which reported on the subject of hazing at Annapolis, today received the following note from President Roosevelt: "Let me express through you to all five members of the sub-committee my admiration for the excellent report you have made on hazing. It is a first class document and ought to be controlling in the matter." The others members of the sub-committee are Messrs. Dawson, Loud, Padgett and Gregg.

The threats of the labor men against Congress bore their first fruit today when the House committee on the judiciary made a decided change of front on the anti-injunction bills pending. It had been decided, virtually, to pigeon-hole the matter, but today, by resolution of the committee, the hearings were reopened and on next Friday lawyers will be heard on behalf of the labor contention that the courts have no right to issue injunctions in labor disputes.

Senator Dolliver had a conference with the President this morning, the railroad rate matter being the subject discussed. "I believe we will get a vote within two weeks," said the Senator after his consultation with the President. "And it seems to me that as time goes on the chances are more and more in favor of the original bill. I would not be at all surprised if the vote was reached in about a week."

According to figures announced at the Census Bureau today the oil cloth and linoleum industry of the United States has increased in the past five years in capital invested from $8,879,102 to $12,768,299; in wages paid 14.8 and in value of output, 23.1 per cent.

News of the Day.

Plans have been arranged for the laying of the cornerstone of the new office building for the members of the House of Representative on April 7.

Jennie Loper, colored, who died at Chester, Pa., yesterday was one of the heaviest women in the country, her weight being over 700 pounds. She was 49 years of age and her height was 5 feet 7 inches.

The Czar, Premier Witte and other members of the Russian ministry have been enlisted in the great project of the American-Transalsakan-Siberian Company for the construction of a tunnel under Bering strait and 3,000 miles of railway to connect it with the Siberian Railway.

The Senate committee on military affairs yesterday authorized a favorable report on the Dick bill to increase the efficiency of the militia and promote rifle practice. The measure is identical with one report favorably by the House committee on militia. It carries an appropriation of $2,000,000.

President Roosevelt yesterday emphatically stated in the presence of Representative Foster, of Vermont, and Mr. J. S. Manning, of Rutland, Vt., who was a delegate to the last republican convention, that he would never again be a candidate for the presidency of the United States. This is the third time the President has made this positive statement, the first being when he received the news of his victory a year ago last November.

Gov. Warfield of Maryland last night vetoed what is known as the Dawkins or "Chinese Wall" bill. This measure was offered at the instance of the Federation of Labor. It provided that in employing men on municipal work, only registered voters should be eligible. This, of course, would have barred out residents of other cities, as well as persons under twenty-one years of age. The governor's reasons for vetoing are that the passage of such a measure would retard public improvements in Baltimore, and is subversive to public policy.

Although fears were entertained for a time yesterday that Thomas W. Kiley, a wealthy banker and merchant of Brooklyn, had committed suicide because of the publication yesterday of a story that he was the husband of two wives, Mrs. Flora A. Colt, to whom Kiley was married three years ago in Hammond, Ind., received information last night of Mr. Kiley's whereabouts. Mrs. Colt's son said Mr. Kiley was alive, but that he was not at liberty to say where he was. Other than this statement no information was obtainable regarding Mr. Kiley's movements yesterday.

For three hours yesterday afternoon the House discussed the expenditures in connection with the administration of the Congressional Library. Many members seemed to be in a critical mood, and the appointments of Librarian Putnam, the salary paid Gen. Greene, custodian of the building, and outside pay he has drawn for professional services, the increased cost of the maintenance and care of the building came in for much more comment than the condition of affairs seemed to warrant. A proposal to amend the bill so as to eliminate a social secretary for Mrs. Roosevelt brought protest from every section.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Virginia News.

Mrs. Martha Webb Purcell, widow of John Purcell, who was for many years a wholesale druggist of Richmond, died yesterday, aged 86. She was the daughter of Commodore Thomas Tarlton Webb U. S. N., and was born in Norfolk.

The Rev. Frank Stringfellow, late rector of St. James Episcopal church at Boydton, has accepted a call to two churches in Princess Anne, one at Kempsville and the other at Oceana, both historic churches. These two churches are only a few miles a part.

Eighty per cent of the 500 men employed at the Glamorgan Pipe Works at Lynchburg were at work yesterday and the management of the company believe all of the trouble will be at an end by Monday. The firm will not re-employ the men who started the present agitation.

While her father, mother and sister lay sick in their beds Miss Dora L. Harmer died Wednesday night at her home, a few miles east of Winchester. She was 20 years old. Just a week ago, while riding horseback to school, Miss Harmer fell into a stream and contracted a severe case of pneumonia.

Dallas Tinsley, after months of unsuccessful attempts to touch the heart of Elnora Ray with his pleading, Wednesday in Richmond, it is alleged, attempted to cut out the desired organ with a knife. That is what the woman charged her sweetheart with in police court yesterday. Physicians at the city hospital, where the woman was taken for treatment, said that if Tinsley had cut an inch or more higher he would have touched the vital organ and killed the woman.

Winchester Goes "Wet."

A victory for the "wet" ticket in the local option election at Winchester yesterday, which was officially announced at 7:30 o'clock last night, was received with the cheers by hundreds of men who packed the streets and surrounded the newspaper offices. The saloon men won by a total majority in the two city wards of 51. A total vote of 968 was cast in the election, but dozens of votes were challenged and 10 were thrown out by the judges of election.

The fight for local option in Winchester, which was backed by the Anti-saloon League of Virginia, proved to be the hottest and most bitter that has characterized an election in that town during the past 30 years. Narrowed down, the battle lay between the church and the politicians, although many of the leading business and professional men of the town were strongly opposed to local option. The prohibition ticket won in Winchester 19 years ago and turned out to be a complete failure. This fact alone did much to turn the tide in favor of the saloon men.

After the polls opened, a few minutes after six o'clock yesterday morning, excitement was at white heat in Winchester, and in consequence much disorder was prevailed at the voting places. A force of extra policemen had their hands full to preserve order.

Two prayer-meetings were held in the Lutheran Church yesterday, at which hundreds of women offered prayers for the success of the "dry" ticket while the ballots were being cast. Mrs. George S. Bowers, wife of the pastor, presided, and women of all denominations were present. A telegram was received yesterday afternoon from Rev. Frank P. Berkely, a native of Alexandria, pastor of the Baptist Church at Leesburg, Loudoun county, stating that the Baptists of Leesburg had offered special prayers for the success of the temperance movement in Winchester. The telegram concluded with the words: "May God grant you a victory."

The fight in Winchester has been watched with keen interest all over Virginia, and last night telegrams asking for the result have poured into town Both parties to the struggle have bitterly contested every inch of the ground. Meetings in the interest of temperance have been held daily and nightly for weeks past, and the local newspapers have for weeks been filled with appeals to the voters. On Wednesday petitions bearing the names of hundreds of women of Winchester and Frederick county, asking the voters to cast their ballots "day," were circulated. There was a rumor last night that the local branch of the Anti-saloon League will contest the election, and a meeting has been called for to lay to determine the question.

Killed by Premature Explosion.

J. C. Griffith, a subcontractor on the works of the Roanoke Water Power Company's power plant on Roanoke river, three miles below Roanoke, was killed yesterday by the premature explosion of dynamite which had been placed in a hole preparatory to making a blast. Griffith was standing over the hole when the charge went off. He was blown a distance of several yards, and his clothing from the knees up was stripped from the body. His face, head and trunk were badly cut and burned and both eyes were blown out. Griffith wore leggings about his lower limbs and these protected that portion of the body. Griffith was a native of Washington, D. C., where his family reside. His people are prominent and he was a graduate of Georgetown University. He was 38 years old and unmarried.

Senator Martin's Mother Dead.

Senator Thomas S. Martin's mother, Mrs. Martha A. Martin, whose illness was announced recently, died late Wednesday afternoon at the family home near Scottsville, Albemarle county. Mrs. Martin was eighty-seven years of age and had been ill for some time. The end was not unexpected and the four children who survive her had been summoned by telegraph and were present at the bedside when the end came. The children are: Senator Thomas S. Martin and Mrs. Leslie Martin, of Washington; Mr. Samuel L. Martin, of Arvonia, and Mrs. J. Luther Moon, of Richmond. The funeral took place this morning at 11 o'clock, conducted by Rev. J. R. Daniels. Interment was in the family burying ground at the Old Brick Church. Mrs. Martin was a Miss Staples, of Scottsville, prior to her marriage.

It seems the only rational remedy for Coughs and Colds would be to move the bowels and cure the mucous membrances of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. Barges Lost.

Vineyard, Haven, Mass., March 23.—The loss of the barges Virginia H. Hudson and Martha E. McCabe in Monday night's blizzard, off Barnegat, and the rescue of the crews after twenty four hours of exposure in a small boat during the height of the storm has just become known when the schooner Helen J. Seits brought to port the three men of the barge McCabe. The crew of the Hudson was rescured by the tug Margaret. The rescued men are Captain Willis Munsey of Bethel, Del., Charles D. Richardson of Norfolk, Va., and N. J. Todd, of Winston, Salem, N. C. The tug Margaret with barges Julia R. Dempsey, Virginia Hudson and Martha A. McCabe laden with lumber and piling, Norfolk for New York, was overtaken by a heavy snow storm Monday afternoon. In the rough sea which sprang up the McCabe, the last of the tow, broke adrift, and soon afterwards the Hudson the second of the string, parted her tow line. Both went down later.

Killed by a Train.

Pittsburg, Pa., March 23.—Frozen stiff and covered with mud and ice, two bodies of men were recoverd this morning lying near a spring in a cut about 300 feet west of Glenn station, on the Chartiers Branch of the Pittsburg, Cincinnati, Chicago & St Louis road, about one mile west of Carnegie. The men had been struck by a train early in the night and thrown some distance from the tracks. The bodies were brought to the Allegheny county morgue. From letters and a wage receipt found in the pockets the victims are supposed to be F. Snow, a laborer, employed by the Superior Steel Company, and Peter Chynat, of Carneige. The place where the accident occurred has an evil name among railroad men, being known as the "Fatal Cut," many lives having been lost there and seven men killed there in one night.

Precautionary Measures.

St. Petersburg, March 23.—Troops are protecting all the railways running into the city and all the railway stations are guarded by soldiers in order to prevent revolutionaries from disturbing the tracks or interfering in any manner with railway traffic. These precautions have been taken in view of the agitation which has been going on in favor of a new railway strike. The watch over the railway property will be maintained until after the election for members of the National Douma are over and the Douma has assembled.

The Czar has rejected the appeals for mercy made in behalf of M. Suvarin, editor of the Russ, who was sentenced to a year's imprisonment in a fortress for violations of the press regulations.

Watchman Killed by Robbers.

Sodus, N. Y., March 23.—A party of five safe blowers visited this place this morning. They first visited the Bank of Sodus and Watchman Pullman, who was interfering with their plans, was shot and killed. Nothing was stolen. The gang next went to the offices of the Rome, Watertown & Ogdensburg, railroad company. Here two safes were blown open, but the burglars secured only $1 for their trouble. In sleighs stolen from barns in the village, the burglars made their escape.

Three suspects were captured by the police in State street, Rochester, N. Y., at noon today, after a desperate fight with the police. The men were taken to police headquarters for an examination. All three were armed with .44 calibre Colt revolvers and one had a bullet wound in his leg.

Japanese Sagacity.

St. Petersburg, March 23.—Diplomatists here are talking of the latest evidence of Japanese cuteness. M. Motono, the new Japanese Minister, arrived here without credentials, explaining that he had forgotten them. The Czar consented to receive Motono without the presentation of credentials, but it is openly stated in official circles that Motono purposely left his credentials behind, expecting Russia to recognize Japan as a great power when he became ambassador, and the Tokio government, as soon as a telegram was received to this effect, immediately sent ambassadorial credentials which had already been prepared.

Emperor Franz Josef's Condition.

Paris, March 23.—The Petit Journal prints a dispatch from Vienna saying that the condition of Emperor Franz Josef of Austria Hungary is such as to cause anxiety and that the court physicians are in custant attendance upon him. It is even reported that there are fears for a fatal issue.

Vienna, March 23.—The reports sent abroad to the effect that Emperor Franz Josef is seriously ill, are authoritatively denied. It is stated that he is in the best of health.

Fire in Boston.

Boston, March 23.—Flames and sparks from a $75,000 fire which destroyed the building at Nos. 12 and 13 Faneuil Hall Square, early this morning, threatened to damage Faneuil Hall, and the first efforts of the firemen were directed toward saving the Cradle of Liberty and adjoining blocks. The burned block was occupied by Warren W. Rawson & Co. seed dealers. The blaze is supposed to have started in the basement from an overheated furnace.

Fire in Power Houses.

Philadelphia, March 23.—Fire in one of the Rapid Transit Company's power houses, Second street and Wyoming avenue, at 3 o'clock this morning, tied up several lines of cars for three or four hours, but they were running on fair time during the rush hours. The plant was thoroughly up to date and contained the latest improved electrical machinery. Defective insulation is supposed to have caused the blaze. The loss is not known.

Launch Captured by Pirates.

London, March 23.—Advices received today from Hongkong state that a launch owned by the Standard Oil Company was captured by pirates near Canton yesterday and looted. A number of American rifles and 1,000 rounds of ammunition were seized by the pirates. The United States gunboat Callao is on its way to the scene of the attack. Canton, where the practical act is said to have taken place, is in the province of Kwang-Tung and located on the left bank of the Canton river. It is a great commercial port in southern China. The gunboat Callao is a steel vessel of 200 tons displacement and is attached to the Asiatic squadron. She has a speed of ten knots and carries six guns. She is commanded by Lieutenant R. W. Henderson.

Well Worth Trying.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for Headache, Constipation and Biliousness 25c. Guaranteed at E. S. Leadbeater & Sons drug store.

The Miners and Operators.

Indianapolis, Ind., March 23.—Hope of peace in the bituminous coal field rested today on the fact that the joint scale committee, contrary to what was expected by both miners and operators, decided to hold another session this morning. The joint committee went into its fifth session shortly after nine o'clock. While the prevalent feeling of both sides was a trifle more optimistic than yesterday, the opinion is strong that there is only the most meagre possibility of settlement without a strike. The position of neither side has weakened since Thursday.

The miners have renewed their demand for reference of the entire question into the hands of a sub-scale committee. The miners believe that in a committee of thirty-two men it is impossible to investigate details of the wage proposition. Some railroad operators are ready to accede to their suggestion of a smaller committee composed of but one operator and one miner from each of the four competitive States.

It is said that rather than have a strike the Steel Corporation is willing to pay any additional cost of mining under the 1903 scale.

George A. Magoon, a Western Pennsylvania operator, and other indepependent mine owners in that district, declare they will not join Robbins in operating mines under the 1903 scale.

Captured by His Wife.

Baltimore, Md., March 23.—Henry Brush, 45 years old, of New York, was sent to jail this morning far alleged failure to support his wife, Minnie Brush. Behind Brush's arrest is one of the most humorous stories in local police annals. Brush deserted his wife in New York and came here. She followed him. Then he went back. Mrs. Brush did likewise, causing his arrest. He agreed to pay her a weekly sum, and then skipped to Baltimore again. Mrs. Brush arrived here yesterday. Meeting him on the street she said: "I need you, Henry," and took his arm. Brush tried to shake her off, but it was of no use. She clung to his arm. "Go to my boarding house, and wait till I am through work," said Henry, but Mrs. Brush clung to the arm. That was 9 a. m. At noon Henry offered his wife money to get a lunch. She declined, but held on to his arm. They walked until 3 p. m., when Henry again offered her money, which she refused. At 6 p. m. (they had never stopped walking,) he tried to get her to go to supper, but she held on. At 8 o'clock, Henry became desperate and struck his wife in the face. Henry was then arrested and put where he will not have to do so much walking. Mrs. Brush is Brush's second wife. She says Brush deserted her because he is in love with her daughter, who is 22 and pretty.

Both Wives Ill.

New York, March 23.—No definite clew to the whereabouts of Thomas W. Kiley, the millionaire banker who disappeared after his confession of bigamy had been found. There was a report that he had gone away with Mrs. Flora B. Colt, wife No. 2, and another rumor had it that he was ill and in hiding at Mrs. Colt's house, at No. 216 Brooklyn avenue, but both stories were emphatically denied by Mrs. Colt's son, Wilson. Mrs. Colt, her son said today, was too ill to see any one. He said she was in bed suffering from nervous collapse. Through her lawyer, Wilson Colt said, his mother would at once bring suit to annul her marriage to Kiley. "My mother is highly indignant," the young man added, "over the report that she had gone away with Mr. Kiley. She is through with him for all time. She is prostrated over the exposure of Mr. Kiley's double life. When she married him, she confidently believed that he was a bachelor." At the other Kiley house, on Jefferson avenue, it was said by that Mrs. Kiley the wife of the banker was seriously ill as a result of the disclosure. The directors of the North Side bank, of Brooklyn, of which Kiley was President, will meet tomorrow and will accept his resignation as an officer of the bank and director of the institution.

Lawyer Sentenced.

New York, March 23.—Henry Hoffman Brown, the lawyer who was convicted last week, was sentenced this morning by Judge Foster to twenty years in Sing Sing prison. This is the maximum sentence for forgery in the first degree. Brown was a real estate lawyer and formerly had an office at 198 Broadway. At one time he taught a bible class at Westfield, N. J. He was convicted of having tried to rob the Ebb Peterson estate in The Bronx. The estate is said to be worth $1,000,000 and its original owner, together with his wife and child, was drowned at sea in a collision in the early eighties, while they were returning to the old home in Sweden. Brown, knowing the estate was without heirs, forged a series of conveyances and distributed the property to fictitious persons.

Mobilization of Troops.

London, March 23.—The correspondent of the Central News at Vienna says that with the object of enrolling recruits in the Hungarian army, a general mobilization of troops has been ordered. Every eligible man has been directed to report himself for duty within 48 hours. Owing to the present disturbed state of the country, as a result of the quarrel between the crown and Hungarian patriots, it is believed that this bold move on the part of the government is likely to call forth angry protests from the people.

Statements Declared False.

New York, March 23.—Alexander E. Orr, president of the New York Life today declared that the charges made by Thomas W. Lawson that the company had been rebating policies or giving them away in return for proxies were false. President Orr declared that the charge of Samuel Untermeyer, counsel for the Governor's policy holders committee, that $30,000 and over of the company's money had been spent in unexpensive campaign of proxy-getting, was absolutely and unqualifiedly false.

India After Chinese Trade.

Birmingham, Eng., March 23.—The Post today says that India is about to make an effort to capture the Chinese trade. The Indian government, with the Chamber of Commerce, is arranging to dispatch a commercial mission to investigate trade cond tions in China and Korea. Particular attention is to be paid to the commercial opportunities the control of the provinces and the Yangtse region afford.

Col. Mann Pleads Not Guilty.

New York, March 23.—Col. Wm. D. Mann, the creator of Fads and Fancies, the Vanity book of the Four Hundred, and publisher of Town Topics, pleaded not guilty, today to the indictment charging him with perjury. The date for the beginning of the trial has not yet been fixed.

Fifty-four Vessels Wrecked.

Boston, March 23.—Statistics just complied show that 84 lives were lost, 54 vessels were wrecked, and property aggregating hundreds of thousands of dollars in value, destroyed along the New England coast and in the maritime provinces during the winter just ended.

Gov. Pattison's Condition Serious.

Columbus, O., March 23.—Governor Pattison's condition is hopeless. From an authoritative source, the information was gained this afternoon that his death is a matter of the immediate future.

Miners Returning to Work.

Paris, March 23.—Several important mines in the Lens coal district resumed work today. The resumption of these mines has had a discouraging effect on the main body of the strikers who are still standing out for the granting of their demands.

New York Stock Market.

New York, March 23.—The stock market was full of good buying orders all through the first hour and an upward movement that started in Wednesday was continued without abatement.

Fifty-ninth Congress.

Washington, March 23.

SENATE.

The expected fight in the Senate over the selection of conferrees on the statehood bill did not materialize today.

Immediately after the Senate met, Mr. Foraker announced his withdrawal of the motion that the Senate appoint the conferrees to the bill instead of leaving the selection to the chairman of the committee having the bill in charge.

This decision was the result of an agreement between Mr. Beveridge, representing those who insisted upon the bill in original shape, providing for the creation of two States out of four territories, and Mr. Foraker, representing the victorious majority which struck New Mexico and Arizona from the measure.

In withdrawing his motion Mr. Foraker stated that the Indiana Senator had given assurances that the action of the Senate would be faithfully upheld.

Without objection, Senators Beveridge, Dillingham, and Patterson were named as conferrees.

Without opposition, the Culberson resolution, calling upon the Secretary of War to send to the Senate full copies of all reports relating to the Moro battle at Mount Dajo, was agreed to.

Mr. Spooner then took the floor to complete his speech on the railway rate question begun yesterday.

HOUSE.

In committee of the whole the House today gave further consideration to the legislative, executive and judicial appropriation bill Pensions will be taken up tomorrow.

Death of Col. Peters.

Col. William E. Peters, a Confederate veteran and prominent educator, died yesterday afternoon after a brief illness of pneumonia at his residence, at the University of Virginia. He was born in Bedford county 76 years ago. In 1866 he was elected professor of Latin at the University of Virginia, which position he held till within the last two years, when, on his own motion, he asked to be retired. He was the author of several valuable books on the study of Latin. Col. Peters served with distinction in the civil war, rising from a private to a colonel of cavalry, commanding the Twenty-first Virginia regiment. He was ordered to burn Chambersburg, Pa., but refused, declaring that he would break his sword before he would make war on women and children. This defiance of orders was approved by General Lee in 1862. After receiving a wound he was elected to the Senate of Virginia as a disabled soldier, but one month later he resigned his position and returned to active service. Colonel Peters is survived by a widow and a son (Dr. Don Peters) by his last marriage, and two sons by a former marriage.

FRIDAY EVENING, MAR. 23, 1906.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:59 a. m. and sets at 6:16 p. m. High water at 7:14 a. m. and 7:39 p. m.

Weather Probabilities.

For this section increasing cloudiness tonight; probably snow or rain in early morning, continuing Saturday; fresh northeast to east winds.

The Fishing Season.

Alexandria gillers are now making preparations for the spring fishery. They are not allowed to place their nets north of Jones's Point, being forbidden to do so by the United States government, as well as Virginia and Maryland. They will, however, endeavor to capture the few shad that escape the trapnets in Chesapeake bay and make their way into the fresh water of the Potomac.

There are but few evidences of the fact that the fishing season is upon us. A few shad and herring appear in market. The former are still high and purchasers are consequently scarce. To show the derth the receipts from the lower river yesterday by a fish merchant were as follows: Six herring, one bunch of white perch, one bunch of yellow perch, one pike and one flounder.

The receipts of white perch are better than for any season in previous years. Most of them, however, are caught in North Carolina. They are sold by the pound and the prices are high and show no more indications of fluctuation than government stamps. Two of this species, of moderate size, sold at fifteen cents in market this morning. It may be stated that an ordinary person would eat about four of such for breakfast.

Wedding at Pohick.

The marriage of Mr. Albert Wallston Smith to Miss Leila Bell Claggett was celebrated at Old Pohick Church, Fairfax county, on Wednesday, March 21, at 8 p. m., Rev. Everard Meade officiating. The pretty little bride was attired in a beautiful gown of white organdy and carried a bouquet of bride's roses. The church was artistically decorated by her friends and relatives, the predominating colors being green and white. The happy couple marched up the aisle to the strains of Lohengrin and stood under the arch from which hung a marriage bell. During the ceremony the old love song, Annie Laurie, was softly played. The bride is the daughter of Mr. J. H. Claggett; the groom is the son of Mr. and Mrs. Alexis Smith. The church was crowded with their friends and relatives. In future Mr. and Mrs. Smith will reside at the groom's home, "The Wilderness," near Pohick. On the eve of the wedding a "shower" was tendered the bride by her friends at the home of her grandmother, Mrs. Sarah Milstead. She was the recipient of many beautiful and useful presents.

Illness of an Editor.

Mr. Norval E. Foard, of the editorial staff of the Baltimore Sun, and one of the best known newspaper men of Baltimore, is ill at his home in that city, having been confined to the house since last Friday with the grippe, which later developed into pneumonia. Mr. Foard was born in Alexandria in 1837, and received his education at St. John's Academy and in by-gone years had charge of the primary department of that institution. In early manhood he took a position on the editorial staff of the Baltimore Republican, which was the afternoon successor of Artist. He was afterwards associated with the Exchange, and in 1860 he accepted a position on the staff of the Baltimore American. He was south during the civil war. In 1865 he went with the Sun, with which paper he has been connected ever since. Mr. Foard sent the first dispatch from Charleston, S. C., on the bombardment of Fort Sumter, having been sent to that city as a correspondent. He was a member of the Maryland Commission of the Charleston Exposition. His many friends in Alexandria will regret to hear of his illness.

Handsome Souvenir.

One of the handsomest souvenirs ever issued is that of Mount Vernon by the Southern Railway Company. It is a book so shaped as to be a miniature reproduction of the front and rear of the famous building, showing the outline of the cupola, chimneys and surrounding trees. It really is a curiosity of the bookmaker's, printer's and pressman's arts, and well worth preserving as a souvenir. Inside it contains some descriptive reading matter about Mount Vernon, with a series of pictures of rooms in the mansion and notable features of it. Pictures of the Lee home at Arlington and of the houses of Congress in session are also included. We are indebted to Mr. M. L. Dinwiddie of the Southern for one of the interior of the White House and of the souvenirs.

Death of Francis Miller.

Mr. Francis Miller, eighty-two years old, a native of the District of Columbia, died yesterday at his home, 1112 L street northwest Washington. For more than forty years he conducted a paint, oil and glass store at 309 Ninth street northwest. He was a director in the Washington Safe Deposit Company, a director of the National Union Fire Insurance Company, and president of the Home Plate Glass Insurance Company. He was engaged in the grocery business on Pennsylvania avenue, near the Raleigh Hotel, prior to the civil war. Mrs. Regina Miller (nee Summers), of Alexandria, his wife, and six children survive him.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Francis Bryant and Samuel Dudley, both colored, arrested by Officer Nicholson charged with disorderly conduct, were fined $5 each.

Charles Williams, arrested by Officer Jones charged with stealing money from Charles Pulman, was dismissed, the charge having been withdrawn.

Sudden Death.

Mr. Charles C. Clark, a watchman at the Belle-Pre Bottle Works, died suddenly while on duty last night. His death was caused by paralysis, he having previously suffered a stroke. The deceased was 55 years old. He leaves a widow and several children. Mr. Clark was a native of Penn's Grove, N. J. His remains will be interred at this place.

Personal.

Mr. Joseph Wilmer, formerly proctor of the Theological Seminary, sailed for Rome last Saturday with his nephew and niece, Dr. and Mrs. Plessants, of Baltimore.

Mr. and Mrs. Wm. H. Demaine, of Alexandria, are visiting their son, E. M. Demaine, who is quite ill at the University hospital. — [Charlottesville Progress.

Mr Joseph Hardy is confined to his home by illness.

Mrs. Sarah Burton and her daughter, Mrs. Jennie Jones, of Bolivar, W. Va., are visiting Captain A. J. Fair in this city.

Mr. Churchill Gibson Chamberlayne, son of the late John Hampden Chamberlayne, of Richmond, a student on the Sparrow Fellowhood of the Theological Seminary, near this city, has recently taken the degree of Doctor of Philosophy at the University of Halle, Germany, where he has been for the past two years. He took the degree with high honors after study of but eighteen months, during which time he had to acquire the German language. Dr. Chamberlayne will remain in Europe till June when his brother and sister will go over to join him.

Rev. W. M. Dame, of Baltimore, last night delivered an instructive and interesting address at Christ Church, of which church he was once rector.

Mrs. Raphael Houck Flack, of Baltimore, spent today with her cousin, Mrs. R. Ernest Acton, on King street.

To Honor John Paul Jones.

The Grand Lodge of Masons of Virginia has requested the various lodges in the State to celebrate the 24th of April next in respect to the memory of John Paul Jones, a member of the craft. Worshipful Master Ruben at the regular meeting of Alexandria-Washington Lodge last night appointed the following committee to act with a similar committee of Andrew Jackson Lodge to procure speakers and make other arrangements for the celebration: D. D. G. M., Robert W. Arnold, W. M., W. A. Moore, jr., and Mr. C. H. Callahan.

The New Ferry Steamer.

The new steamer Callahan, which is to run in conjunction with the steamer Woodbury on the ferry route between Alexandria and Washington, will be launched at Wilmington, Del., tomorrow. Mayor Paff with several other city officials and representative men of this city will attend the launching, and the party will leave Washington on a special Pulman car tomorrow morning. Miss Louise Paff, daughter of the Mayor, will christen the steamer as it passes into the water.

Birthday Celebration.

Miss Evelyn Marguerite, daughter of Mr. and Mrs. Robt. W. Cline, entertained a number of her friends at her home on Commerce street last evening, it being the 14th anniversary of her birthday. After indulging in games and music, a sumptuous repast was served from a very prettily set table, with vases of fourteen carnations each At a late hour the guests left for their homes all pleased with their evening's enjoyment.

Corporation Court.

[Judge L. C. Barley presiding.]

Mary Ford vs. James R. Ford; decree for divorce.

Dora Adam vs. C. F. Adam; decree for divorce.

Mary B. Kerrick vs. John M. Kerrick; decree for divorce.

The estate of Barbara O'Brien was committed to Sergt. Cox for administration.

Struck by a Train.

A young man named Frank Laponty, from New York, while crossing a railway bridge south of this city this morning was struck by a train and seriously injured. He was brought to this city and taken to the Alexandria Hospital for treatment. One of his feet was badly crushed, and Dr. Smith amputated a portion of it. Laponty is 20 years old.

Alexandrian Robbed.

While entering a cab in the downtown district two nights ago of Washington Mr. Raymond Acton, of this city, in passing through a small crowd was jostled several times, and later he discovered that a handsome gold watch, which had been presented to him by his father, had been stolen. The timepiece was valued at $85.

Arrested in Washington.

John Sorrell was arrested in Washington yesterday at the instance of the authorities of this city on the charge of secreting property belonging to the Alexandria Light Infantry. Capt. Murphy and Officer Young this morning went to Washington and brought the accused to this city.

To Subscribers.

The subscription bills for the Gazette are in the hands of collectors and subscribers are requested to make prompt payment on presentation of their accounts.

Wedding.

Miss Eleanor Grant Bosher, one of the beautiful young women in Virginia, and Mr. George S. Brewster, of New York, were married yesterday at the home of the bride's mother, Mrs. Mattie Cox Bosher, in Richmond. Although the marriage was a quite affair, owing to the death of the bride's father, it created a wide social interest and the immediate friends of the bride and groom in attendance were many. Rev. Dr. Robert Forsythe, rector of St. Paul's Episcopal Church, was the celebrant. Mrs. Thos. Purcell, sister of the bride, was matron of honor, and Mr. Frederick Foster Brewster, of New York, was best man to his brother. The New York guests came on a special car and accompanied the married pair on the first stage of a tour which will compromise a leisurely visit to old continental counties.

Lively Debate in the Senate.

Senator Rayner, and Senator Spooner led the debate yesterday in the Senate on the railroad rate bill. Senator Spooner obtained the floor about 3 o'clock and had spoken about an hour, with Senator Rayner sitting just across the aisle from him, and had repeatedly referred to Senator Rayner's railroad-rate speech as a powerful and eloquent effort on the wrong side, when Senator Rayner arose very quitely and said that the "powerful and eloquent" assertion might be very nice, but that he absolutely disputed the entire position that the Senator from Wisconsin had taken.

This gave rise to another debate between Mr. Raynor and Mr. Spooner in the Senate as hot as any that has taken place this session. It lasted half an hour, with the Senators standing alongside of each other in friendly contact, with a lively cross-fire of debate.

Senator Raynor contended that it was not a constitutional right to give a federal judge the power to vacate the orders of the Interstate Commerce Commission without a hearing, and Senator Spooner contended to the contrary. The debate was a battle of law, which Senator Tillman during the debate characterized as a struggle between legal giants.

At the end of the controversy, when Senator Rayner evidently had the best of the argument and had given what appeared to be a conclusive case from the decisions of the Supreme Court in support of his contention, Senator Teller, of Colorado, moved that the Senate adjourn until tomorrow in order that Senator Spooner might have an opportunity to answer Senator Rayner's argument.

Both sides of the chamber listened with rapt attention to every word of this debate, and it was at the end of it that Senator Tillman interjected the remark that he was "only a cornfield lawyer" and would like to say something on the subject, to which Senator Spooner retorted:

"I would like to say to the Senator from South Carolina that while the Senator from Maryland and myself are engaged in this battle involving the most complicated and delicate propositions of constitutional law, we do not want any advice from a cornfield lawyer."

Strasburg Orchard Company.

The Strasburg Orchard and Produce Company has been organized in that town with the following officers: C. M. Borum, president; R. S. Wright, vice president; R. S. Funk, secretary and treasurer. Application made to the State Corporation Commission for a charter has been granted. The company is chartered with a minimum capitalization of $10,000 and a maximum of $50,000. The company is compsed of C. M. Borum. R. S. Wright, F. M. Zea, J. W. Eberly, R. S. Funk, of that place; J. H. Pifer, of Fishers Hill; E. D. Newman, of Woodstock and Joseph H. Wells, of Baltimore.

The farm of H. O. Huff, consisting of 150 acres, has been bought, a large part of which is now in fruit, and 50 acres will be set this spring. Several other farms will doubtless soon be bought to increase the acreage for fruit raising.

The company will grow fruit exclusively, build at Strasburg junction a cold storage plant with a capacity of 20,000 barrels, and will also take in vegetables for the southern and western markets.

A similar scheme is on at Mount Jackson, Va., under the management of Messrs. Wissler. At Linden the Freeze Land, Fruit and Stock Company has been formed, with Frank B. Crawford, of near Baltimore, president, and C. Gratian Crawford, of Kernstown, Va., general manager. The Freeze farm of more than 600 acres, on top of the Blue Ridge Mountain has been purchased by the promoters from Col. Dulany.

Another Mine Horror.

An explosion of gas in the mine of the Century Coal Company at Century, a small mining town, 50 miles south of Fairmont, W. Va., on the Philippi and Buckhannon Branch of the Baltimore and Ohio, at 4 o'clock yesterday afternoon, entombed 150 miners, many of whom are believed to be dead. At 6 o'clock last night 15 men were taken from the mine, 5 of whom were dead and the rest terribly injured. The mine is owned by Shaw Brothers, of Baltimore, and is one of the largest in northern West Virginia. Two hundred and fifty men are employed, but many of these came out yesterday before the explosion took place. The main heading has been cleared, but there are 14 subheadings yet to be explored. It is feared that none of the men still in the mine are alive, having been killed in the subheadings.

Philippi, W. Va., March 23.—Twenty-one dead bodies have been recovered from the Century mine and 11 dead are still in the mine. Over 200 men were in the mine at the time of the explosion, which was caused by dust. Many mules were also killed and the mine badly damaged.

Official.

AN ORDINANCE to provide for the grading, paving and curbing of Lee street from the south crossing of King street to the north crossing of Prince street, under certain conditions.

Section 1. Be it ordained by the City Council of Alexandria, Virginia, that the Committee on Streets is hereby authorized and directed to have Lee street, from the south crossing of King street to the north crossing of Prince street, with the exception as described in section 3 of this ordinance, graded and paved from curb to curb and to have said street, as above described, curbed in a good and substantial manner, under the supervision of the City Engineer, using for the paving vitrified brick on a six (6) inch concrete base, and for the curbing a six (6) inch granite curb, set in concrete.

And the said Committee on Streets shall advertise for ten (10) days in some newspaper published in the city of Alexandria, Virginia, and in any other newspaper and publication should they deem it necessary, for proposals for materials, and they shall do said grading, paving and curbing by day labor, or if in their opinion the best interests of the City Council will be subserved thereby, by contract under bond, after advertisement, as hereinbefore provided, for materials.

Section 2. Be it further ordained that the said Committee on Streets shall not begin said work or purchase any materials or let any contract pertaining to said work, until an amount equivalent to two dollars and ten cents ($2 10) per front foot for three-fourths (¾) of the linear feet of property on the said square has been voluntarily deposited with the City Treasurer for defraying a portion of the expense of said grading, paving and curbing.

Said deposits may be in cash or may be part cash and the balance in notes, as may be agreed upon by a majority of the Finance Committee of the City Council of Alexandria, the payment of said notes to be secured in a manner satisfactory to a majority of said committee.

Section 3. Be it further ordained that no curb shall be set and that no grading or paving shall be done within six (6) feet nine (9) inches of the curb line in front of any property for which the proportionate expense hereinbefore mentioned shall not be deposited with the City Treasurer.

Section 4. Be it further ordained that as said grading, paving and curbing is being done, the Auditor is authorized to draw warrants, from time to time, upon the Treasurer of this city, in an amount not to exceed three thousand five hundred dollars ($3,500) to pay for said grading, paving and curbing, and a sufficient amount of money for such purpose, not to exceed three thousand five hundred dollars ($3,500) is hereby appropriated.

5. This ordinance shall be in force from its passage.

Passed the Common Council Feb. 27, 1906.
HUBERT SNOWDEN, President.
Passed the Board of Aldermen Mar. 13, 1906.
J. T. SWEENEY, President.
Approved March 16, 1906.

Growth of Socialism

Citing the railroad rate legislation now before Congress as an evidence of a tendency toward socialism, Prof. William MacDonald, who holds the chair of American history at Brown University, declared in an address at Providence, R. I., Tuesday night that a remarkable drift in the direction of socialism had marked the past year, and that the year 1905 was "the blackest year in the social and political history of the United States." After giving a critical description of the leading political parties, Professor MacDonald said:

"That man is living in a fool's paradise who does not see that we are drifting rapidly into socialism. I believe that the socialistic trend, now increasing, will continue to dominate American politics until the questions which have given rise to it are answered by our parties. Any one who wants to understand the history of American politics for the next 25 years should give it earnest study. We see the growing tendency in this direction exemplified in Congress, where a bill proposing to give an official commission power to fix transportation rates on our railroads and to control corporations which are the creatures of State and not of federal law is splitting party ranks asunder."

The Speaker said also: "Never in our history has so much official rottenness been exposed as in the year 1905. The need of reform is evident. What we as individuals need to realize is that voting is a moral act. I believe that the success of our great democratic experiment depends now upon the development in our electorate of a keen, intelligent, conscientious sense of what is right politically."

The best safeguard against headaches, constipation and liver troubles is DeWitt's Little Early Risers. They don't gripe. Sold by W. F. Creighton & Co., 401 King street.

The Little Rockefeller.

As stated in yesterday's Gazette a son was born that day to Mr and Mrs. J. D. Rockefeller yesterday in New York.

The first notification went to the baby's grandfather, John D. Rockefeller, who is at his country place at Lakewood, N. J. The second was to Senator Aldrich, and others were sent to the McCormicks, in Chicago.

The child is the second to be born into the young Rockefeller family. A little girl made her arrival November 2, 1903. She was named for her mother. John D. III, it that shall be his name, will, when he reaches the age of 21 years, be fabulously wealthy, if the present rate of growth of the Rockefeller millions continues. It is estimated that John D. Rockefeller has amassed nearly $1,000,000,000, to the greater part of which fortune his son will succeed. And, in turn, the grandson will become the possessor of the fabulous sum to which this fortune will have grown within the next 21 years.

John D. Rockefeller has grandchildren in the McCormick and Strong families, into which his daughters married, but the fortunes of these youngsters will be a mere pittance compared to that which awaits the maturity of the 1-day-old baby.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. Oh, it's grand for throat and lung troubles." Guaranteed by E. S. Leadbeater & Sons, druggists. Price 50c and $1.00. Trial bottle free.

Assessment Question.

Richmond will lose $5,000,000 of valuations on realty property if the contention of Attorney James Cannon for the Whitelock estate, owning vast properties in this city, holds good. He created a sensation in the Hustings Court yesterday, where the hearing of assessment cases was in progress, by declaring that the entire assessment was void, owing to the fact that the bill passed in the Senate by only 19 votes, whereas the constitution requires 21. The situation, if carried out on this idea, will revert back to the assessment of 1900 and will cause great complications. The real estate agents are backing Mr. Cannon in his contention, and there is little doubt that the case will be taken to the Supreme Court. The question comes under a general law which affects all the cities in the State alike.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several does that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Quick changes from hot to cold and back again try strong constitutions and cause, among other evils nasal catarrh, a troublesome and offensive disease. Sneezing and snuffling, coughing and difficult breathing, and the drip, drip of the foul discharge into the throat—all are ended by Ely's Cream Balm. This honest and positive remedy contains no cocaine, mercury, nor other harmful ingredient. The worst cases are cured in a short time. All druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. Barge Geo. B. Roberts

just arrived with 400 tons Best Lee Coal which fills a most important place in the essentials of a fine Holiday dinner, as your cook will fail if the fire is not right. It will be right, however, if you buy the coal of us. Our coal is the best for any kind of cooking. It gives just the right fire always.
